

March 10, 2010

Dear Vendors,

Last years Covered Bridge Farmers' Market was welcomed by many of our citizens and we received several noteworthy comments. You were a very big part of that! There were a number of visitors who came to purchase the wide variety of one of a kind wares offered for sale. We are looking forward to this year's Farmers' Market to serve our community again.

This year we will have additional advertising to promote this event. We will be hanging a banner from the railroad trestle over US 66 for a period of time. We will be posting additional signs. This year we are also setting up educational events, such as "Home Preservation 101", "Gardening with Containers", etc. We hope that these educational programs will also bring more customers to your booths.

Dates of the Covered Bridge Farmers' Markets will be each Saturday morning, May 29 through August 28.

We have originally set the deadline date for submitting your application at May 1, 2010. We will accept all applications throughout the summer based on available space, but we recommend you get your applications soon in order to have a choice location.

If you are interested in joining us for this very successful market place please send your applications to the St. Marys Area Chamber of Commerce and let us reserve a spot for you now.

If you need additional information call the Chamber office at 419-300-4611.

Sincerely

Kelly Kill  
Executive Director
